

## What are the Best jobs in the World?

### What is the best jobs ?

Overall, a recipe for **custom work**, **healthy** and **economically satisfactory**– seems to be to settle, that is, choose to work in a small business giving up shots of *seniority* or *benefits*, but enjoying a healthy family environment.

The **relationship with others**, **creativity** and **flexibility**, these are the three essential parameters that decide how much work is healthy. It is not a matter of money but of mental and physical satisfaction.

The leading positions in this classification virtuous loans have ended **instructors**, **personal trainers**, **yoga instructors** and **choreographers**. Followed by a short distance, and a little surprise given the times, insurers, anyone involved in **software** and **florists**.

Who is nailed to a desk all day, as those who **drive public transport**, tends to gain weight (with all the consequences of the case) and you suffer from back pain. Same goes for those who are forced to spend hours at the wheel, set in the smog and maybe forced to meals in a hurry.

The *groups most at risk of jobs* - especially since distinguished by a high level of accidents and work pressure - are the **firemen**, the **police**, the **military** and those who work in building.

## Four best jobs

### Assistant to Cart

Power quality will be a fundamental prerogative of the future. The assistant to the expense, or if you prefer the personal food shopper: he knows what products to buy and which to leave on the shelves. The result? An expense of quality, genuine and efficient in every point of view. The best assistant work. **Search Job:** [assistant cart jobs](#)

### Application developer

There already who does it and the gains are fairly discrete, depending on the type of application. But one day the collections are even higher: the developers of PC applications and operating systems will be among the most sought after professionals of the future. Predictably, given the success of the current app. The best work at home. **Search Job:** [app developer jobs](#)

### Web marketing manager

He is the specialist in online reputation of any business on the web. It deals with increasing the popularity of a web site online, promoting it on social, forums, clutching partnership with other sites... thus, the brand runs better. The best work online. **Search Job:** [web marketing manager jobs](#)

### Translator

Yes, the translator will continue to be highly sought after. Russian, Chinese and Arabic the new languages that are all the rage. Thanks to the internet, many companies trading online, you need a translator. After all, we certainly cannot rely on the web to wrong translations! The best work in the office. **Search Job:** [translator jobs](#)
